## What is ECG?

**We're a consulting firm that works exclusively in healthcare. Our people are driven to solve challenges for providers, and passionate about achieving better outcomes for patients.**

If you're dedicated to leading healthcare forward, you're in the right spot. As part of our team, you'll work on projects that take patient care to a much higher level—and you won't do it alone. You'll team up with some of the best in the industry and gain exposure to top decision makers to make a real impact on people's lives.

### WHO WE WORK WITH

Across our eight office locations, we come together to offer consulting services and creative solutions for a range of healthcare clients:

- Hospitals & Health Systems
- Physician Organizations
- Academic Medical Centers
- Cancer Centers
- Ambulatory Surgery Centers
- Children's Hospitals
- Payers
- Private Equity

# Life at ECG

**Our culture is one of our most distinct differentiators. Across the firm, we're committed to a deeper purpose that translates into how we treat our coworkers and our communities.**

## RECOGNITION

From our Annual Employee Recognition Awards to our STAR (Stop, Thank, Appreciate, Recognize) program, we show our support and appreciation for each other every chance we get.

## COMMUNICATION

We use newsletters and firm-wide meetings to share ideas, keep each other informed, and stay connected at every level.

## CONNECTION

Each office has social and community service committees that plan activities to have fun outside of work and give back to the local communities.

## DIVERSITY, INCLUSION, AND BELONGING

We're committed to creating an environment that welcomes, values, and supports everyone. Together with a dedicated work group, we strive to listen to our different voices, focus on real topics that matter, and work toward a better future.

Our Employee Resource Groups (ERG) provide support and opportunities to connect and learn from each other:

- Cultural Connections
- E3 (Engage, Empower, and Elevate)
- Pride 365
- Enabled
- ECG Cares
- SHE (Supporting Women Healthcare Employees)

“

*I have had the opportunity to learn from a national network of healthcare experts. The diversity of experiences, both personal and professional, exponentially expands one's perspectives, providing growth opportunities for me, my colleagues, and our collective teams.”*

— JESSICA WELLS, Principal

## At ECG, you'll team up with the best to progress healthcare – and your future.

We believe in gaining new experiences and taking ownership of your career to reach your highest potential. That's why we provide constant feedback and ongoing training to ensure you'll be able to fulfill your professional purpose by doing what you love.

**This is a place where you're encouraged to carve your own path and build a rewarding career.**

### ANNUAL RETREATS

Consultants in each cohort meet annually for a three-day retreat focused on networking, relationship-building, learning, and professional development. Cohorts include:

- Healthcare Consulting Pool
- Managers
- Senior Managers and Associate Principals
- Principals and Partners

*When it comes to career milestones, we make it a priority to promote based on merit and performance.*

“

*Not only are you asked to envision your career plan and what you think your stepping stones are to get there, but once that's given to your administrative manager and your peer mentor, they're really there to help you navigate.”*

— RICHARD B., Manager

“

*We work hard as consultants, but your life outside of work truly matters here. At ECG, taking time to recharge, be with your people, and care for your whole self isn't just allowed, it's supported and celebrated.”*

— BRIDGET PERKINS, Principal
